PROJECTS / OPEN-SOURCE

Personal Portfolio | Link   *HTML, CSS, Bootstrap, Reactjs*
- Developed an innovative application using React to present a comprehensive portfolio of my work.
- Skillfully designed the project to effectively highlight both my projects and competencies.
- Hosted the responsive website on Netlify, ensuring seamless accessibility across various devices.

ACM-SIST | Link   *React.js, Bootstraps*
- Spearheaded the development of a community-centric React application, catering to our community's needs.
- Empowered the community by providing real-time updates on ongoing events and recognizing valuable contributors.
- Implemented an interactive "Join" page featuring a user-friendly application form. Leveraging Formspree, the collected information seamlessly integrates with the community's email system for efficient communication.

CERTIFICATIONS
